

**License to use instructor material for assignment based on
Blundell, Gowrisankaran, and Langer (2019)
Escalation of Scrutiny: The Gains from Dynamic Enforcement**

I agree to use the instructor material for the class assignment materials only in the following ways:

- I may modify and distribute the Word assignment_2019.docx file to suit my specific educational needs. However, in any modification, I will cite to the original assignment_2019.pdf file that was provided, noting that my modified assignment is based on the original assignment.
- I will not distribute any file in which the word “answers” is part of the filename to students, without express written permission from the study authors.
- I will endeavor to provide feedback to the study authors on the assignment so that they may continue to improve it, and I understand that the assignment is a beta version that may contain errors.
